- Superdrug FQ217 – No Significant Change Relocation.

### **ALERT**

### **ADVISE AND / OR ASSURE**

*(BY EXCEPTION ONLY - Key decisions and any updates to advise the ICB Board on the matters the Committee was able to take assurance on or where additional information was required)*

- Lincs Pharmacy FVH12 – Change of Core Hours and Change of Supplementary Hours applications.  
This application was supported as the committee were assured that the existing level of service provision for people in the area of the pharmacy, or other likely users of the pharmacy premises, will be maintained Monday to Friday when the change in hours was proposed.
- Superdrug FQ217 – No Significant Change Relocation.  
This application was not supported by the committee. In relation to the Equalities Act 2010, it was difficult to assess the impact of the proposed move on those patients with protected characteristics as this has only be considered in part and there was very little additional information to support regulation 24(1)(a).
