Latest Updates

MP speaks of Hull councillor's testimony in support of Tobacco and Vapes Bill

Health leaders from across the Humber and North Yorkshire say they are thrilled to see the historic Tobacco and Vapes Bill move to the committee stage after an overwhelmingly positive vote during the bill's second reading in Parliament.

There was cross-party support for the bill, which also includes provisions to implement robust regulations for vaping to curb youth use.

The final vote saw 415 MPs in favour of the bill, with only 47 voting against it—20 fewer than those who opposed similar legislation during the bill's aborted passage through the previous Parliament.

During the debate, Liberal Democrat MP Helen Morgan explained her decision to support the bill, shifting from her previous stance of abstention. She credited her change of heart to a moving speech by Hull councillor, Linda Chambers, at a recent Parliamentary event.

Pathway Diagnostic Review

The NHS Humber and North Yorkshire Integrated Care Board (ICB) Clinical Effectiveness Unit (CEU) is committed to compiling all clinical pathways across interfaces to establish a single repository for clinicians.

This initiative aims to facilitate easier access to and utilisation of these resources. The pathways will be consolidated, serving as a comprehensive resource hub for clinicians.

The CEU will work directly with Places and Clinical Networks to source their current pathways, and will later move to work with providers.

Colleagues are asked to complete a short questionnaire if they:

- Have previously developed a pathway
- Are currently working on a pathway
- Have knowledge of a pathway

[Click here](#) to access the questionnaire. For further information, please contact hnyicb.clinicaleffectivenessunit@nhs.net.

Introduction and engagement events for Continuing Healthcare and Section 117

Throughout November, the Complex Care programme team hosted three engagement events for Continuing Healthcare and Section 117 activity on behalf of NHS Humber and North Yorkshire Integrated Care Board (ICB).

The events were attended by over 100 organisations across the system, including market providers, local authority partners, care associations and NHS providers. Each event was full of insightful presentations, engaging discussions and networking.

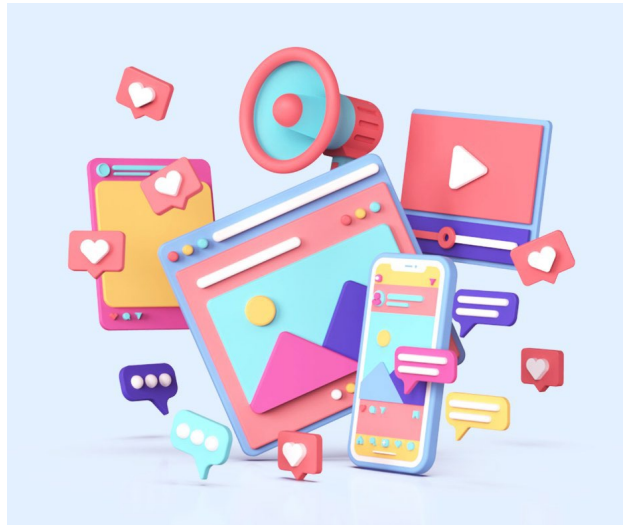

The events began with setting the scene across the ICB, acknowledging areas that required improvement and areas of opportunity. This offered attendees early insight into the key new areas where the ICB is looking for partnership working.

There was a deep dive into the challenges and opportunities of one-to-one observations in packages of care which identified areas of opportunity for providers. There was also an update from the finance team looking at the challenging financial context for the marketplace.

The programme team is looking to hold further events, both in person and virtually across the North Yorkshire and Humber area. To be involved or to attend future events, please contact hnyicb-voy.marketqueries@nhs.net.

Thank you to all who attended and contributed to making these events a resounding success.

Connect with us on social media

If you are already following us on social media – thank you. If not, you could be missing out on some of our latest announcements, good news stories, feel-good videos and health and wellbeing top tips.

Over the last few months, we have been developing our social media presence for the Partnership and our public-facing brand, Let's Get Better. We now have Facebook, LinkedIn, Instagram, and TikTok as ways to reach current and new audiences with content from across the system and Partnership.

It would be great if you could follow us on social media and join the conversation by liking and sharing our content:

- [Partnership Facebook](#)
- [ICB LinkedIn](#)
- [Let's Get Better Facebook](#)
- [Let's Get Better Instagram](#)
- [Let's Get Better TikTok](#)

We are always on the lookout for engaging content to help tell our story and keep our local communities informed on the latest updates, health advice and everything in between.

If you have something to share please email hnyicb.communications@nhs.net.

York Minster to host the 45th annual NHS Christmas Carol Service

Wednesday 4 December 2024, 6:45-8:45pm

The much-loved NHS Christmas Carol Service returns to York Minster, marking its 45th year as a cherished festive tradition.

Open to everyone, this special event invites the community to come together for an evening of carols, reflection, and celebration in the magnificent setting of one of England's most iconic cathedrals.

The service will feature a choir of NHS staff from across Yorkshire and Lincolnshire, whose harmonies will fill the historic Minster with the spirit of the season.

This is a free event and seating is available on a first-come, first-served basis. Don't miss this unforgettable evening – come and join the celebration at York Minster!

Lincs Inspire: Discovery Event

Thursday 5 December 2024, 9:00am-12:00pm

Find out how physical activity can help to improve your health and quality of life.

The free event at Cleethorpes Leisure Centre is to help those who are living with a health condition, disability or have decreased mobility due to their age. Discover the support available to help you to improve your health and quality of life.

Information will also be available on support programmes aimed at those who are:

- Living with and beyond cancer
- Struggling with their mental health
- Experiencing respiratory difficulties
- Diagnosed with cardiovascular disease
- Looking to stay active during pregnancy or after birth

Understanding the cultural and cancer health needs of the Muslim population

Wednesday 11 December 2024, 12:30-1:30pm

This session is delivered by Jamal Choudhury, Director of The Peel Project CIC, a community initiative in Hull supporting Black, Asian and Minority Ethnicities.

This online event is aimed at Healthcare and VCSE colleagues who support members of the Muslim community in accessing cancer screening and healthcare.

Jamal will give insight into a range of factors which are important within the Muslim faith and may affect how and when people from this community access healthcare.

News from Across the Partnership

Hospital patients invited to paws, rest and recover

We're a nation of pet lovers, and those who enjoy the company of an animal at home will know the joy they can bring.

At the same time, hospital staff and volunteers are bringing that same uplifting feeling to patients at Hull Royal Infirmary and Castle Hill Hospital to aid their recovery and wellbeing.

Having first introduced Pets as Therapy (PAT) dogs to the hospitals in 2022, the initiative has proved incredibly popular and now, the team of furry, four-legged recruits has reached double figures for the first time.

Tees, Esk and Wear Valleys

NHS Foundation Trust

Patients and carers visiting one of Tees, Esk and Wear Valley NHS Foundation Trust's hospitals will soon be able to tour the site without leaving their own homes – thanks to a pioneering new scheme.

Work on creating a 360-degree virtual visit of the Dalesway Unit at Roseberry Park Hospital, Middlesbrough, is now underway, featuring areas such as the reception, corridors and café.

If the project proves popular, it is hoped that the idea can be rolled out to at least ten of the Trust's sites over the next year.
