

Humber and North Yorkshire ICB Board Assurance Framework

Financial Year 2024/2025

V10

The Board Assurance Framework (BAF) sets out the principal risks to the achievement of the ICB's strategic objectives and is a practical means through which the Board can assesses grip against delivery of these. In so doing, the BAF also a primary source of evidence in describing how the ICB is discharging its responsibility for internal control.

The BAF further sets out the controls in place to manage these risks and the assurances available to support judgements as to whether the controls are having the desired impact. It additionally describes the actions to further reduce each risk.

ICB BAF Risk Heat Maps (Based on Risk Appetite)

The Engine Room is connected with the Senior Leadership Team. Some actions, like defining a health and wellbeing offer for staff, have been completed, while others are ongoing with key projects expected to finish in Q4. The Engine Room is also identifying and scoping additional projects. A detailed report will be provided by the Executive oversight group in the new year. Next update due in April 2025

Ref C7 Risk Analysis

Ref: C7	Strategic Objective C: Leading for Sustainability	PRINCIPAL RISK 7: Immediate term financial pressures, employment relations challenges and increasing workload lead to reductions in the availability of workforce across the system. This increases the likelihood of failure in delivery or capitalisation on priority workforce transformation initiatives, leading to worsening workforce recruitment and retention challenges system-wide in coming years. Population health outcomes, health inequalities and those choosing to enter training in health and care careers will also be affected.	Risk Domain: System Workforce	Risk Score: 16

A LEADING FOR EXCELLENCE

- Embed at pace our Innovation, Research, Improvement System (IRIS) to support our commitment to be a transformational ICS.
- Drive digital innovation at pace to ensure that the ICS is at the leading-edge by scaling up digital solutions to deliver our vision system priorities, and system wide operations.
- Ensure rapid progress in the use of data to provide high quality business intelligence and to support real time decision making.
- Take every opportunity to shift resources from acute services to community, primary and social care settings.
- Sustain a high-performance culture in the ICB and ensure a high-quality leadership cadre.
- Model our vision and values (including the values in the new Leadership framework for Board members) and message to our staff, our partners, and the wider community.
- Personally champion the delivery of the HNY ICB Equality, Diversity and Inclusion improvement plan 2024/5
- Practice excellent people interventions including high personal visibility, brilliant communications, high expectations of individuals and effective rigorous performance appraisal.
- Ensure that ICB/ICP governance arrangements are of the highest standard and are focused on safety of service users, oversight of risk, avoiding unnecessary bureaucracy and enabling clear decision making.

B LEADING FOR PREVENTION

- Measurably improve outcomes for patients and communities by transforming and improving services
- Deliver a population health and inequalities programme in 24/25 that measurably moves towards the long-term aim of improving the life chances and quality of life for people who live in HNY.
- Act as an Anchor network to exploit the collective potential of the System, including partner organisations, wider public service, the Further Education sector, and local business to address health and wider inequalities in the most deprived communities in Humber and North Yorkshire.
- Deliver plans for 24/25 that specifically improve Cancer, Coronary Vascular Disease, Mental Health and Elderly Frail Services.
- Deliver plans for 24/25 that continue to reduce smoking through the ongoing development of the HNY Centre of Excellence for Tobacco control.
- Deliver phase 1 of the plan to deliver a generational change in the health and wellbeing of children who live in HNY.

C LEADING FOR SUSTAINABILITY

- Create a blueprint for future service provision and associated organisational form by September 2024 for implementation from April 2025
- Deliver a quality financial and productivity programme in 24/25, based on the Grant Thornton review, that delivers measurable quality improvements, financial balance and increased productivity including reducing the overall pay bill of the ICB and the wider NHS in HNY.
- Deliver financial and efficiency plans of 4.2%, applying the principle of no deficits; whilst making investment decisions which will enable the ICS to achieve its ambitions.
- Accelerate the workforce breakthrough programme including measurable improvements 24/25, 25/ 26, 26/27 in all workstreams.
- Implement world class systems for nurturing and growing leadership potential across the ICS including effective succession planning, both in the ICB and across our partnership.
- Rapidly embed the accountabilities and delegated authority of provider collaboratives and places to ensure the ICS operating model delivers system and organisational goals and plans.
- Ensure significant improvements in ICB productivity in 24/25 by effective application of flexible working policies and use of technology.

D VOICE AT THE HEART

- Lead and manage effectively upwards (into NHSE and DHSC), outwards (Our 4+1 regional model) and horizontally across our 28 partner organisations and partners the voluntary, education and business sectors.
- Establish leading edge approaches to understanding the views of the people we serve and seek to co-produce plans and actions that respond effectively to their needs.
- Develop programmes of engagement that promote health ensuring that over time health really is everyone's business, particularly in those areas where health inequality is life limiting.

Risk Appetite Descriptors

Heat Map	Tolerance Level	Risk Appetite	Description
<p>MINIMAL</p>	Very low	Minimal (4)	Avoidance of any risk or uncertainty. Every decision will be to terminate the risk.
<p>CAUTIOUS</p>	Low	Cautious (6)	Preference for the safe option but is able to tolerate low level risk and uncertainty. Every decision will be to mitigate the level of risk.
<p>BALANCED</p>	Medium	Balanced (8)	Will seek to mitigate all risks and take actions to minimise harm or adverse clinical outcomes, while considering all options and tolerating a modest amount of risk if the benefit is clearly demonstrated. There is an acceptance that some impact may occur in pursuit of the outcome.
<p>OPEN</p>	High	Open (12)	Open to consider all options and take a greater amount of risk and uncertainty to achieve a bigger reward. Likely to choose an option that has a greater reward and accepts some impact.
<p>HUNGRY</p>	Very high	Hungry (16)	Eager to take on risk to achieve objectives. Will choose the option with greater reward and will accept any impact for the price of reward.

CLOSED RISKS 2024/25 (old reference system)

BAF Ref: B2 (old reference system)	STRATEGIC OBJECTIVE B: Managing Tomorrow	Executive Risk Owner: Executive Director of Finance & Investment	Assurance Committee: Population Health & Prevention Committee
Principal Risk: Failure to connect and build relationships with all partners and stakeholders around meeting the wider needs to the population will lead to fragmentation and reduce the impact on wider determinants that affects the population.			
Reason for Closure: Risk score met risk appetite and became part of business as usual			
Closure Recommended by: Executive Committee / Population Health & Prevention Committee			
Date Approved for Closure by the ICB Board: 10 April 2024			
BAF Ref: C2 (old reference system)	STRATEGIC OBJECTIVE B: Enabling the effective operation of the organisation	Executive Risk Owner: Executive Director Corporate Affairs	Assurance Committee: Executive Committee
Principal Risk: Failure to ensure the ICB maintains robust governance processes and effective control mechanisms will prevent the ICB meeting regulatory and compliance standards and threaten organisational sustainability and undermining confidence in the ICS leadership			
Reason for Closure: Risk score met risk appetite and became part of business as usual			
Closure Recommended by: Executive Committee			
Date Approved for Closure by the ICB Board: 10 April 2024			
BAF Ref: A6 (old reference system)	STRATEGIC OBJECTIVE B: Managing Today	Executive Risk Owner: Deputy Chief Executive / Chief Operating Officer	Assurance Committee: Executive Committee
Principal Risk: Failure to deliver the ICB Operating plan for 2023/24, and the associated 31 national objectives, may result in patients not being treated in a timely and appropriate manner.			
Reason for Closure: Risk specific to 2023/24 – New risk opened for 2024/25			
Closure Recommended by: Executive Committee			
Date Approved for Closure by the ICB Board: 8 May 2024			
BAF Ref: A3 (old reference system)	STRATEGIC OBJECTIVE B: Managing Today	Executive Risk Owner: Executive Director of Finance and Investment	Assurance Committee: Finance, Performance & Delivery Committee
Principal Risk: Failure to operate within the ICB's available resources for 2023/24 will cause financial instability leading to poorer outcomes for the population and threaten organisational sustainability undermining confidence in the ICS leadership.			
Reason for Closure: Risk specific to 2023/24 – New risk opened for 2024/25			
Closure Recommended by: Finance, Performance & Delivery Committee

CLOSED RISKS 2024/25 (new reference system)

BAF Ref: C1	STRATEGIC OBJECTIVE C: Leading for Sustainability	Executive Risk Owner: Executive Director of People	Assurance Committee: Workforce Board / Committee
Principal Risk: Immediate term financial pressure, employment relations challenges and increasing workload lead to reductions in the availability of workforce across the system and in the numbers of people who choose to start training this year for future health and care careers, negatively affecting service user experience and individual outcomes.			
Reason for Closure: Previously, risks C1 and C4 were identified within the "today" and "tomorrow" risk domains on the Balanced Assessment Framework (BAF). Subsequent to the revision of risk domains to incorporate "leading for sustainability," the Workforce Board/Committee determined that a single consolidated risk, C7, adequately encompasses the elements of the original risks C1 and C4.			
Closure Recommended by: Workforce Board / Committee			
Date Approved for Closure by the ICB Board: 14 August 2024			
BAF Ref: C4	STRATEGIC OBJECTIVE C: Leading for Sustainability	Executive Risk Owner: Executive Director of People	Assurance Committee: Workforce Board / Committee
Principal Risk: Failure to deliver or capitalise on priority workforce transformation initiatives lead to static or worsening workforce recruitment and retention challenges system-wide over coming years, which in turn negatively affect population health outcomes and limit impact on health inequalities			
Reason for Closure: Previously, risks C1 and C4 were identified within the "today" and "tomorrow" risk domains on the Balanced Assessment Framework (BAF).
